Fall 2019 - Spring 2021

Remember, we rise by lifting others; so let's root for each other and watch each other grow!

CD Program would like to thank our Peer Leaders for their valuable contribution over the past two years!

Naurene Sultana
Lib Arts: Math & Science,
LaGuardia Community College

Coming into college during the pandemic was overwhelming, especially because I had little experience navigating college life. After joining College Discovery, I gained essential skills like using DegreeWorks, registering for classes, emailing professors, and asking for help. With the support of my counselor and peer leader, I grew academically and personally. College Discovery helped me step out of my comfort zone, become more independent, and realize that I was never alone on my journey.
